A certificate that opened a door!

I completed a 150 hour Master TEFL course with Global Language Training. Although I had been teaching English for many years, I only thought about getting a formal certificate when I looked at changing jobs. I got a job a few months after completing my certificate. I would probably not have got the job if I hadn't had the certificate. Several of my friends have also taken courses with GLT.

## Very detailed learning!

-Jill F.

I completed the 120-hour TEFL course. It was informative, accessible, extremely user-friendly and was fun to do. Some of the teaching skills I learnt have become quite useful since schools have gone online and hybrid teaching has become a necessity for teachers. The course focuses on language analysis and awareness, as well as language skills such as reading and writing, listening and speaking. The training that Global TEFL provides is comprehensive, well-structured and you will be well-prepared to teach English anywhere in the world.

Global TEFL offers an optional, 20-hour TEFL Teaching Practicum which you can combine with your online TEFL course. The Practicum can be added to any of our online TEFL courses - our 120-hour Advanced TEFL Course, 150-hour Master TEFL Course or our 250-hour Expert TEFL course.

The practicum is the culminating experience of your teaching preparation. You will be applying many ideas and skills you have learned in your TEFL course, and learning many new strategies and techniques. This will be a growth experience, designed to bring you to the point where you are ready to assume the responsibility of an English teacher.

### Practicum steps:

- If you're not already teaching ESL/EFL students, you will need to find a location – In order to find a location to complete your practicum at, you will need to research different ESL/EFL schools and educational institutions in your area.
- Once you have done research on different practicum locations in your area it is time to begin contacting them. Global Language Training can provide you with a practicum recruitment letter to assist you in this task.
- Schedule your hours. Some locations may not be able to offer you a total of 10 volunteer hours. You may need to split your practicum hours between more than one location. Create a schedule with each organization once you begin volunteering to ensure that you will have 20 practicum hours completed by the scheduled date.
- Keep a time to log your hours. Throughout your practicum you are required to keep a log of your hours.
- Practicum Report. You will be required to turn in a report at the end of your practicum that must contain all the elements listed below.
